Department of Computer Science

Best Practice – II

Internship Co-ordination

The department of Computer Science is coordinating with the companies and stakeholders since its introduction under the NEP 2020. The Computer Science department has provided its help in completing the internships of stakeholders by giving tips occasionally for the Salesforce Company. The Salesforce company offered its internship on the APSICHE Portal.

The Computer Science department has taken the initiative in getting online internships for all stakeholders in the Internme company. All of the mentees have successfully completed their internships on various platforms. By recognizing this, the Commissionerate of Collegiate Education has facilitated this department with an award.

Furthermore, the department of computer science has taken steps in sending the mentees to go on offline internships. Regarding this, 9 girl students of this college joined offline internships at the Foxconn company located in Hyderabad. The Foxconn company is paying Rs. 16,000/- stipend for a month for each and every student. Furthermore, 18 boy students have joined the Daikin company at Sricity, near Thirupathi. For this, the company is paying Rs. 12,000/- for each and every student for a month in the form of a stipend.

Furthermore, the remaining mentees are doing online internships on various platforms in the Anjanaa Foundation. This foundation has placed their offered internships on the APSICHE portal.

Long-term internship (VI Sem 2023-24) - IMAP App: list of students and mentors.

S.No.	OAMDC No	Name of the Student	Sem	Program	Internship name / Line of Activity	Company name	Name of the authority	Authority Phone no	Offline/ Online	Role	Task	Name of the Mentor
